

About me

Software development student @ UTN, graduating on december 2021.
Tech passionate about tech, at both software and hardware levels.

Currently on a self-teaching journey to keep growing as a unicorn creating end to end projects.

I see myself as a person with social and leadership qualities who prefers to push foward and motivate the team instead of guiding from afar.

Experience

Full-stack designer @Paians S.A.
May 2021 - Present

- Maintaining, refactoring, creating layouts and functionalities for the company project ecosystem.
- Redesigning UI components and design system: re-creating color schemas, shadows, layouts and typographies.
- Email templating making usage of the new design system I developed.
- Used softwares: Illustrator and Figma.
- Used tech stack: HTML, CSS, Bootstrap, Javascript / Jquery, CakePhp and MySql.

Front-end developer @Skelton ES
Jan 2021 - Jun 2021

- Maintenance and incorporation of new functionalities to the platform.
- Creating new UI components mainly with HTML and Sass.
- Refactoring and maintaining Jquery and Vanilla Js code.
- Designing and coding layouts for new sections.
- Documenting the project.
